6:00 pm to 9:00 pm

GREEN BUILDINGS INCEPTION TO CERTIFICATION PANEL DISCUSSION

**Want to design and build Green Buildings in South Florida...
Hear from local industry experts tips, tricks, challenges, and solutions
to make your next green building project a success.**

Join CSI Fort Lauderdale, Miami, and Palm Beach Chapters
Learn from a panel of industry experts with numerous local green buildings to their credit. Panelists Include:

- **A. Brian Lomel**, P.E., LEED-AP, CxA – Principal / Sustainability Consultant , TLC Engineering

Mr. Lomel has provided MEP design for 20+ years in humid, subtropical environments. TLC has designed or commissioned 10 LEED-Certified projects in Florida including 2 in South Florida and more than 75 LEED registered projects totaling more than 10 million sf of green space. Brian is currently working on projects registered for LEED NC, CI, CS and GBOM as either a sustainability consultant, mechanical engineer or commissioning agent.

- **Gary Pirtle**, PE, LEED AP, Assistant Vice President, Pirtle Construction

Mr. Pirtle is responsible for the overall execution of a project, from concept to completion. He ensures that the project not only meets Pirtle Construction's high standards for quality, but that it is completed on time and within the client's budget. His project experience includes FAU Pine Jog Environmental Education Center and Pine Jog Elementary School 03-Y both LEED Projects in West Palm Beach, Florida. The Pine Jog project includes a brand new, state-of-the-art construction is the first LEED K-12 facility in South Florida, and is positioned to receive LEED Gold certification.

- **Camila Querasian**, LEED AP, Associate Architect, Perkins + Will

Ms. Querasian is a Registered Architect and LEED Accredited Professional, and has strong expertise in sustainable design. She is the leader of the Perkins+Will's Sustainable Design Initiative group in Miami, working in the areas of leadership in green building education, green operations and community outreach. She is also the Programs Chair for the Miami-Dade+Keys branch of the USGBC South Florida.

- **Linda Smithe**, CDT, LEED AP, Leed Consultant, The Spinnaker Group

Ms. Smithe is a LEED-Accredited Professional since 2002. She has over 25 years experience in Architectural Design, Project Coordination and Specifications. She has been coordinating LEED registered projects through the registration process and helping to facilitate facilities management, building commissioning, sustainable construction and energy management. Linda has a CSI CDT Certification and long-standing member of the Construction Specification Institute and a Past President for the Palm Beach Chapter.
